

LAKESHORE'S FEATURED DOG

This loving gentle lad is a Greyhound and Labrador mix. His kind and friendly nature would make him an excellent family pet. He is approximately 1 – 1 ½ years old. He is a bit underweight but has been putting weight on since his arrival. This tall and sweet natured boy is also very good around other dogs.

Do you have a place in your home and hearts to give this beautiful dog a loving and permanent home? He needs a lasting commitment of a responsible pet owner who will take him to the vet for any vet work including neutering, and continue to love him forever. If so, then this may be your boy!
