

# **Guide to Fence Permits**

## **6. Why is a fence permit required?**

Property owners erecting a fence are required to obtain a fence permit from the Town of Lakeshore.

This is required for public safety purposes, protect municipal infrastructure located within registered easements, and to ensure that the various provisions of the Town's zoning, fencing and lot grading requirements are complied with.

## **7. What is required for a fence permit?**

The following is required for a complete swimming pool application:

- Application for a fence
- Site plan drawing
- Cross Section of Fence indicating type and height of proposed fence
- Permit fee

## **8. Permit fee**

The fee that is to be submitted to the Town of Lakeshore for a fence permit can be found on the Town of Lakeshore Tariff of Fees Bylaw

## **9. What inspections are required and how are they scheduled?**

Requesting inspections is the responsibility of the homeowner or the contractor of the project. Inspections must be booked at least 24 - 48 hours in advance.

Here is a list of required inspections:

1. FINAL INSPECTION
  - Fence has been installed

## **10. What needs to be shown on the required site plan?**

The individual property owner or pool contractor is required to prepare a detailed site plan, drawn to scale and depicting the following information (please refer to attached sample site plan drawing as a guide in preparing the drawing to be submitted with your permit application)

- Municipal address, lot number and registered plan number for the subject property;
- Lot dimensions with location of all property lines for the subject property;
- Location of all registered easements and / or right-of-ways located on the subject property;
- Location of any watercourse and / or municipal drain located on the subject property and on any adjacent lands abutting the subject property;
- Location of the dwelling and any accessory building or structures on the subject property;
- Where sanitary sewers do not exist, show location of any private sewage disposal system (i.e. septic tank and tile field), and provide setback information for the proposed new swimming pool structure to the nearest point of the existing private sewage disposal system;
- Location, type, and height of fence to be used to enclose the proposed new fence, including all gates;
